

Here are several of my reviews. I no longer utilize a booking platform that retains reviews, but I genuinely appreciate all forms of feedback. Should you wish to tag me in a review, you are welcome to do so using my Instagram handle @llerinabytanzzy, where I can find your review.

I have not received any negative feedback; however, I will also leave negative reviews here. Each individual has their own preferred style of massage, and my objective is to cater to my clients who enjoy the style of massage I provide rather than trying to please everyone.

The best massage ever! She was super sweet and her aura was delightful. She really paid attention to the areas that were concerning me and I felt like I was in heaven. Definitely coming back!!
