

I don't have many video recommendations but I do feel compelled to mention these sources. If the Lord is gracious and allows this list to grow I am grateful for that, if not I am grateful for his mercy in showing me the mentioned sources.

- In around April of the year 2024, I was watching a video on a channel *I do not recommend*, the channel basically brought up topics in culture and showcased people who were boldly speaking up on these issues.

During this time the Lord was giving me dreams and visions about celebrities whom I didn't follow and I was really trying to understand what to do with the information.

So when I saw the lady of the *Masters' Voice Prophecy Blog* boldly speaking the things that the Lord was showing me not just at the moment but throughout the last 15+ years of my life I was astounded!

I strongly advise against idolizing men/women (or anything for that matter) including me. but when God shows mercy by giving you an understanding of not just your own life but what you are to do take It!

I recommend that you take time to fast, and pray to allow the Holy Spirit to minister to you as you follow her blog.

If you don't understand...

Pray for understanding...

- I was watching one of the videos and the name Ken Peters came up I watched the video and again the message that the Lord has been downloading to me he sent messengers previously I mean 50+ years before! here is the link to that video

- Another video that I would like to share is this one
<https://youtu.be/9g2PutZlwEs?si=fe-tBqzTqIvbgFDr>

. I watched this video years ago and the line "your life testified against you " really helped me to desire a deeper understanding of sin and how to accept what Jesus died for on the cross.

If you are struggling to understand sin you also will struggle to understand **repentance!**

Repentance is a gift that we need.

I would recommend checking out my book recommendations

(scroll to the bottom for books)

The divine revelation of Hell is at the top of my list (not above the Bible of course)

to aid in your understanding
