

This is not just me blabbering on this is revelations given to me by the Holy Spirit. Its not enough to just keep talking about the issues we have weapons as believers in Christ and they are mighty through God in the pulling down of strongholds.

You may find it helpful to prayer these prayers along with fasting.

The structure of the document is: I'll give the explanation/ revelation/story and then a prayer for you to pray if you are lead because you see yourself and your family in the text.

Fear of the Lord is the foundation of wisdom... Proverbs 9:10

Let's get started

Let's not get it twisted the reason for your freedom is not merely so you can walk around screaming "I'm free " but so that you may worship the Lord.

The reason for a "second exodus "will be the same.

The reason for your personal deliverance is the same.

So, I'll venture to say where there is oppression there is an unwillingness to worship the Lord.

With your mouth you can say "Lord if you set me free, I will worship you", but God isn't like us he is all seeing and all knowing. He was there when your ancestors made the same pleas. He saw their oppression and set them free, and he was there when they very quickly found other gods, and idols to worship and everything else that they did. He was there when they very quickly forgot the reason for their freedom. So the best thing you can say is what peter said "Lord only you know "Lord only you know what I will do with my freedom , but help me to do what pleases you . create in me a clean heart oh God and renew a steadfast spirit within me

This kind of thing can't happen to a people this brutally and this long less the Lord has allowed it. As hard as this truth is to comprehend it's just that its truth. And until its comprehended or at least talked about the people whom the punishment lies will
Never humble themselves (if my people who are called by my name) .

Comprehend:: to grasp the nature, significance, or meaning of
Proverbs 4:7
Proverbs 9:10

As I looked at the leaders who have arisen throughout history, I noticed a trend in people arising as a sort of savior among the African American people. Buy what about the savior! The people much like those who came before them are perpetually searching for a God and ignoring their God the one who from Moses to the prophets to Jesus bought them out of every possible captivity. American slavery is no different. Here I am in the year 2025 talking about American slavery and you are readying this thinking I've lost my mind, ill venture to say that if you a black person living in American can't see the effects of slavery still

Present in your life you my friend are the lost one. But what do we do about that? This is the question I began to ask the Lord as a "well assimilated "black person so the Lord called me. Pray! I will outline specific things throughout this document but don't let that limit you. Where ever you are able to see the effects in your life lay out a strategy of prayer. Equality may not come in The way you have in mind, but your father who is in heaven sees all things, and you want the things which man could never credit to your earthly account to be credited to your heavenly account in Jesus name.
Assimilate: to be taken in or absorbed : to become assimilated

Now when I say well assimilated, I don't want you to be confused.

The story that comes to mind is Daniel's story, but also many others like Joseph, and even ester. I've found myself in situations where speaking out is inappropriate and even dangerous. Some people especially those who have been long oppressed have a hard time with this. Just because you are well absorbed by other people that doesn't mean you are unaware of who you are and who's you are (think about Daniel).

Addictions

Black children did not have the same comforts as white children for many reasons. Some watched their mothers be beat and abused. Some watched their fathers be sold off. If the lord says these things still have an effect on the people today I choose to believe him but you can see this for yourself. The lord bought one very inconspicuous thing to my attention thumb sucking. When I was younger I wondered why I never saw many children who were not of color sucking their thumbs, and very rarely (i have never actually seen it) do you see older non colored people with these habits. You may be thinking oh that's nothing but i have a revelation that these comfort type of addictions and tendencies actually stemmed from not being comforted in childhood. When a child is scared and no one comes to offer a hug or an explanation for what happened or just comfort the natural response is to develop a way to cope with the experience . You may be thinking thumb sucking is not a big deal well you may be right but this is one of many responses ...

masturbation that then leads to sexual promiscuity...

Sexual promiscuity that then leads to alternative life styles that lead to drug abuse , drug abuse that the children born from the promiscuous life then witness and the cycle continues....

Comfort eating that then leads to obesity (and not just the health issues , but the phycological issues that go only with that)

Do you see?

I have another document here on the site that you can check out and go through at your own pace, because some of these issues take time to get to the spiritual root .

Prayer:

Dear Heavenly Father we thank you that we don't owe the payment for our sins because we are in Christ. We accept the healing that was prayed for on the cross of Calvary . We accept what the blood of Jesus did for us and we ask that it be applied to every area of addiction in our lives. Father we repent for our sins that lead to this addiction and we repent for the sins of our ancestors back to Adam that led to these addictions. Father we ask that every door of addiction that has been opened because of our transgressions or the transgressions in our bloodline back to Adam be closed and sealed by the blood of Jesus. Father we forgive anyone who left us in a vulnerable place that then opened the door to these addictions , father we repent for blaming you for our loneliness and we repent for blaming you for not being there when you were there when no one else was. father we ask that your holy angels be dispatched to sever every tether that tethers us back to these addictions and besetting sins. Father add strength to us so that we are able to cast aside this heavy weight cover us in your blood Jesus. father we surrender our will and give you access to server every friendship, every relationship, every attitude, every trait, every possession that we own, every position that we have anything that in the way of our freedom in Jesus mighty name.

Add anything else that the Holy Spirit is bringing to your attention.

Father now we ask in Jesus name that the verdict that was enacted because of what we did , because of what our ancestors did , because of what we suffered ,because of what our ancestors suffered be overturned and replaced with a righteous and just verdict because you my God are righteous and you are just !

Listen for further instructions! Not just today but continually. I mentioned this because that freedom has conditions You don't do the same things you used to do and expect to remain free.

Jim crow laws

<https://youtu.be/egWdy3m09CA>

now I mentioned in an earlier video, a dream where the Lord reveled to me that Jim crow laws were among some of the issues that black Americans face up to this day. So let's talk about a few of the issues that have been highlighted to me and once again don't let this list limit you in your understanding ask the Lord for more.

Swimming:

Now as I researched, I did not find any specific laws that prevented blacks from swimming but there were heavily discriminatory practices. Giving them access to pools with less than desirable water, and saying vile things like "they make the water dirty with their dark skin", hearing things like this and having these experiences we have already discussed leads you to developing coping mechanisms. The slaves were traded via ships which traverse on water so the fear and trauma surrounding water is deeply engraved and past a psychological root there is a spiritual root to this. While you might not become a world class swimmer tomorrow, we want to destroy the spiritual yoke of bondage in this area of our lives.

Prayer :

Dear heavenly father when I look at my life surrounding the area of swimming I see fear. A fear that I understand may have not been a direct result of my sins but the sins of those who came before me. Father I repent on the behalf of my ancestors for the many sins that led us to this point . father I ask that you sever the tethers that keep me connected to their sins and the punishments, I pled the blood of Jesus and father I ask for restoration in a way that is pleasing to you. Replace my fear with faith! Lord dispatch your holy angles to sever the cords that still tether me to degrading things they heard and experienced, replace the fear and anger with your love in Jesus name . And every door of opportunity that the enemy has been using as an access point into my life seal it shut by the power of the blood of Jesus . I ask for a swift recovery of what was lost and a right understanding of who you have made me to be. I ask that the verdict that was enacted because of what was done and what I did be overturned and replaced with a righteous and just verdict because you my God are righteous and just

Witchcraft:

Witchcraft is a work of the flesh, and I am BY NO MEANS condoning this work! The bible tells us that this is an offense against God that will have its end with all of its practitioners in the lake of fire.

As I was driving the Holy Spirit showed me something that I had never seen before. Now if you have been following me on YouTube you know that I am no stranger to the fact that witchcraft is very much a part of modern society. More prevalent more now than ever! I myself have been a victim of witchcraft attacks, so when the lord brought to my attention that a lot of blacks began practicing these dark arts because of the oppression that they experienced...

I was taken back.

Remember what I said in the beginning that the reason for freedom was so that they would worship the one true and living God? Well while some held fast to their beliefs and traditions and stayed away from these dark practices others sought quick fixes to the real problems they faced. They were subject to harsh treatments and painful experiences which they searched for an escape outside of the peace that God would provide even in the mist of their many trials. I've mentioned before that these practices were actually taught to mankind by the fallen so we won't leave that out! the daily oppression experienced left many doors open for these dark arts to spread among the people, and still to this day when you encounter a "woke" black person you can usually find that this person has found their way to some of the very same debauched practices of their ancestors.

Prayer:

Dear heavenly father we thank you, that all truth is revealed in us knowing you because you are truth! and your desire is for us to have truth in our inward peffectedd you desire to give us wisdom in the places where we lack it. father we thank you for that! we thank you that when we have failed to follow your ways you didn't fail us. Father we repent for the practices and works of the flesh which your word says is Adultery, fornication, uncleanness, lasciviousness, Idolatry, witchcraft, hatred, emulations, wrath, strife, seditions, heresies, Envyings, murders, drunkenness, and such like we repent for ourselves and on the behalf of our ancestors back to Adam ! father we ask that you wash our record clean of these filthy works by the blood of Jesus ! father we ask that you create in us a clean heart and renew a steadfast spirit within us. Where there once was hatred, we ask that you replace it with your love, where there was jealousy, we ask that you replace it with your love, where envy and drunkenness were we ask that you replace it with your love. where there was adultery, we ask that it be replaced with a right understanding of your divine design for marriage and oneness in marriage. father purge us with your hyssop and we like your servant David will be clean! purge our mind of these works of the flesh so that we are unable to remember everything that we learned that was not pleasing to you. Father restore us in the inward places. restore every wound to our souls and the souls of others created by these works of the flesh and from our going astray. wash us make us pleasing to you once more father. Seal every door shut that was opened by witchcraft and these works of the flesh, seal it with the blood of Jesus. we cast out and cast off every demon every uneasy yolk that we have picked up and put on by our participation in these works of the flesh or the participation of our ancestors back to Adam. father we ask that you dispatch your holy angels to sever every tether tethering us to these works of the flesh in the mighty matchless name of Jesus Christ. Serve the cords of wickedness and tether us to your righteousness once more.

father we ask for restoration of everything lost to these works of the flesh that has been lost because of our practicing or the practicing our those in our bloodline. cover us in the blood of Jesus and we ask that the verdicts that were enacted because of what we did be overturned and replaces with righteous and just verdicts for you my God are righteous and you are just.

Don't stop praying here if you know that you or your family has been involved in witchcraft or any of the works of the flesh mentioned or the like began to pray and sever those cords. Keep listening for further instruction. If you have occult paraphernalia in your home or represented on your social media do away with these things. ask the LORD to show you every area of your life effected and continue to pray.
